

**Plymouth-Canton Private Lesson Instructors**

Though not required to participate in P-CEP Curriculum ensembles, it is highly recommended that students participate in private lessons. Students will learn the fundamentals of their instrument and ensemble skills throughout the course of the year with the time spent in class. As is the case with any subject, students will learn at an exponentially faster rate when receiving individual instruction and assistance. Students participating in private lessons will not receive “extra credit” or any additional benefits, but may find their level of understanding, enjoyment, and performance to be higher. Please note that this list is not necessarily all inclusive. If your student has a private lesson instructor that they utilize and they are not on this list, we are always looking to add more! Please email Mr. Thomann ([george.thomann@pccsk12.com](mailto:george.thomann@pccsk12.com)) and Mr. Wells ([michael.wells@pccsk12.com](mailto:michael.wells@pccsk12.com)) with any questions.
